

60% of consumers use the internet to search for local products and services while only 30% use the printed yellow pages.

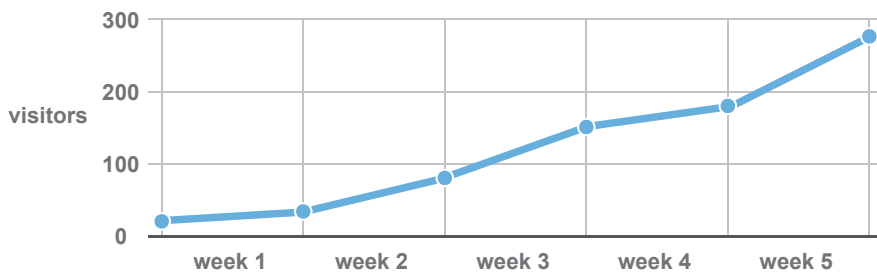

(comScore Networks)

We've created a unique online advertising program to drive targeted consumers to your website, ultimately increasing your bottom-line.

We build landing pages along with your targeted ads to convert more traffic than your typical website.

We monitor each ad campaign to continually enhance effectiveness. We submit regular analytic reports to keep you in the loop.

We submit your business listing to Search Engines and Directories and create **targeted ads** within the most popular search engines and social media sites to **drive qualified traffic** to your site or landing page.
